BADGE

We can find many places in scripture stating the importance of the home and the family, and how important it is to keep everything clean and in order. Everyone in the family had their individual duties and they worked together to make the work load easier. They couldn't just run down to the grocery store or clothing store to get what they wanted. They had to make everything by hand. Would you like to make your own shoes, clothing, pots and pans, or stove? We have many conveniences today. Do we realize how many?
